**Globizco Corporation**

## About Globizco

**Globizco** is a prominent human medicine, medical devices and veterinary medicine supply company in Bangladesh for distribution of these products to the private, semi-private and government sectors including hospitals, clinics, pharmacies and dairy farms, sheep/goat farms, poultry farms, veterinary hospitals, clinics, pharmacies, wholesalers, dealers and laboratories.

Bangladesh is a country with a population of more than 160 million people with a fast growing economy where the human and animal healthcare sectors are growing and modernizing at a phenomenal rate. We represent a growing number of multinational brands from various pharmaceutical, agricultural, chemical and animal healthcare sectors offering a expanding range of products and services to meet the needs of our customers all over the country.

**Globizco** is a privately owned trade & distribution company founded by a team of professionals highly experienced in their own fields. Our dedication and understanding of the local market has helped us grow steadily year on year as a reputable distribution and supply company. The main objective of the company has always been to provide high quality products at affordable prices to the customers.

We are licensed by the Drug Administration Authorities of Bangladesh to import and distribute medicines, medical devices and similar products. Our journey started modestly with a few products like Folley Ballon Catheter, Sterile Surgical Gloves, Blood Bags, Urine Bags and Animal Vitamins, Minerals & Feed Supplements. But, as of today the range has expanded to more than 50 product categories that are being marketed all over the country. As a company trading globally, we are cooperating with companies from Americas, Europe, Asia and Africa. We are always open for business and cooperation with any company from any country and ready to market and distribute their products and services to the local market.

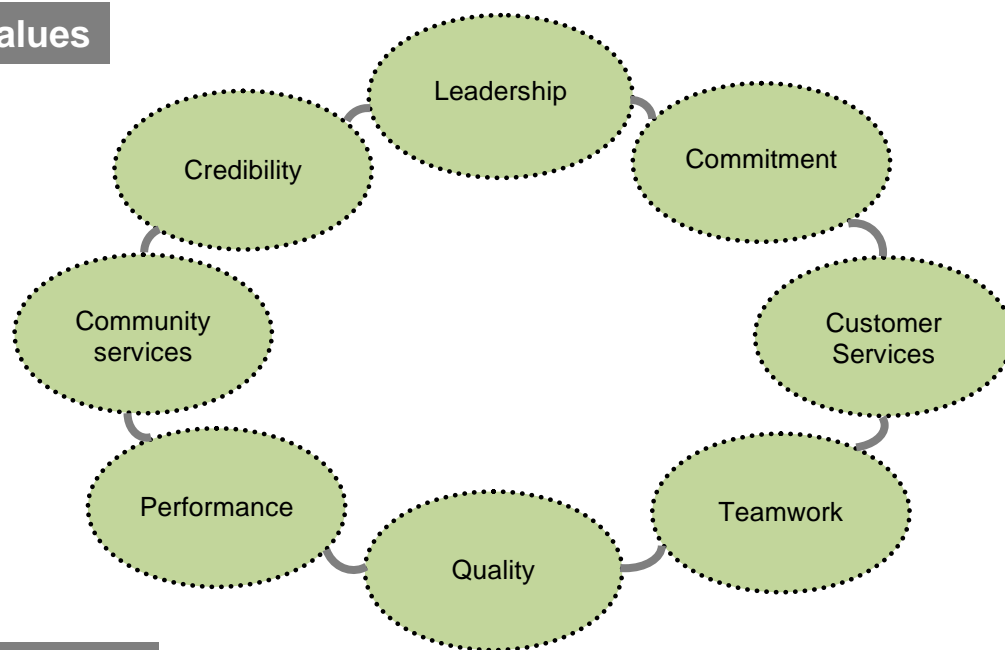

## Our Vision
